§ 10.20 ENFORCEMENT.

(A) Any Licensed Peace Officer of the city's Police Department, or the County Sheriff, or any Deputy Sheriff shall have the authority to enforce any provision of this code.

(B) As permitted by M.S. §626.862, as it may be amended from time to time, the City Clerk/Administrator shall have the authority to administer and enforce this code. In addition, under that statutory authority, certain individuals designated within the code or by the Clerk/Administrator or City Council shall have the authority to administer and enforce the provisions specified. All and any person or persons designated may issue a citation in lieu of arrest or continued detention to enforce any provision of the code.

(C) The City Clerk/Administrator and any city official or employee designated by this code who has the responsibility to perform a duty under this code may with the permission of a licensee of a business or owner of any property or resident of a dwelling, or other person in control of any premises, inspect or otherwise enter any property to enforce compliance with this code.

(D) If the licensee, owner, resident, or other person in control of a premises objects to the inspection of or entrance to the property, the City Clerk/Administrator, Peace Officer, or any employee or official charged with the duty of enforcing the provisions of this code may, upon a showing that probable cause exists for the issuance of a valid search warrant from a court of competent jurisdiction, petition and obtain a search warrant before conducting the inspection or otherwise entering the property. This warrant shall be only to determine whether the provisions of this code enacted to protect the health, safety and welfare of the people are being complied with and to enforce these provisions only, and no criminal charges shall be made as a result of the warrant. No warrant shall be issued unless there be probable cause to issue the warrant. Probable cause occurs if the search is reasonable. Probable cause does not depend on specific knowledge of the condition of a particular property.

(E) Every licensee, owner, resident or other person in control of property within the city shall permit at reasonable times inspections of or entrance to the property by the City Clerk/Administrator or any other authorized city officer or employee only to determine whether the provisions of this code enacted to protect the health, safety and welfare of the people are being complied with and to enforce these provisions. Unreasonable refusal to permit the inspection of or entrance to the property shall be grounds for termination of any and all permits, licenses or city service to the property. Mailed notice shall be given to the licensee, owner, resident or other person in control of the property, stating the grounds for the termination, and the licensee, owner, resident or other person in control of the property shall be given an opportunity to appear before the City Clerk/Administrator to object to the termination before it occurs, subject to appeal of the Clerk/Administrator's decision to the City Council at a regularly scheduled or special meeting.

(F) Nothing in this section shall be construed to limit the authority of the City to enter private property in urgent emergency situations where there is an imminent danger in order to protect the public health, safety and welfare.

§ 10.98 SUPPLEMENTAL ADMINISTRATIVE PENALTIES.

(A) In addition to those administrative penalties established in this code and the enforcement powers granted in §10.20, the City Council is authorized to create by resolution, adopted by a majority of the members of the Council, supplemental administrative penalties. The resolution may be in the form established in Appendix I of this chapter.

(B) These administrative penalty procedures in this section are intended to provide the public and the city with an informal, cost effective and expeditious alternative to traditional criminal charges for violations of certain provisions of this code. The procedures are intended to be voluntary on the part of those who have been charged with those offenses.

(C) Administrative penalties for violations of various provisions of the code, other than those penalties established in the code or in statutes that are adopted by reference, may be established from time to time by resolution of a majority of the members of the City Council. In order to be effective, an administrative penalty for a particular violation must be established before the violation occurred.

(D) In the discretion of the peace officer, City Clerk/Administrator, or other person giving notice of an alleged violation of a provision of this code, in a written notice of an alleged violation, sent by first class mail to the person who is alleged to have violated the code, the person giving notice may request the payment of a voluntary administrative penalty for the violation directly to the City Clerk/Administrator within 14 days of the notice of the violation. A sample notice is contained in Appendix II of this chapter. In the sole discretion of the person giving the notice of the alleged violation, the time for payment may be extended an additional 14 days, whether or not requested by the person to whom the notice has been given. In addition to the administrative penalty, the person giving notice may request in the notice to the alleged violator to adopt a compliance plan to correct the situation resulting in the alleged violation and may provide that if the alleged violator corrects the situation resulting in the alleged violation within the time specified in the notice, that the payment of the administrative penalty will be waived.

(E) At any time before the payment of the administrative penalty is due, the person who has been given notice of an alleged violation may request to appear before the City Council to contest the request for payment of the penalty. After a hearing before the Council, the Council may determine to withdraw the request for payment or to renew the request for payment. Because the payment of the administrative penalty is voluntary, there shall be no appeal from the decision of the Council.

(F) At any time after the date the payment of the administrative penalty is due, if the administrative penalty remains unpaid or the situation creating the alleged violation remains uncorrected, the City, through its Attorney, may bring criminal charges in accordance with state law and this code. Likewise, the City, in its discretion, may bring criminal charges in the first instance, rather than requesting the payment of an administrative penalty, even if a penalty for the particular violation has been established by Council resolution. If the administrative penalty is paid, or if any requested correction of the situation resulting in the violation is completed, no criminal charges shall be initiated by the City for the alleged violation.

§ 10.99 GENERAL PENALTY.

(A) Any person, firm, or corporation who violates any provision of this code for which another penalty is not specifically provided, shall, upon conviction, be guilty of a misdemeanor. The penalty which may be imposed for any crime which is a misdemeanor under this code, including Minnesota Statutes specifically adopted by reference, shall be a sentence of not more than 90 days or a fine of not more than \$1,000, or both.

(B) Any person, firm or corporation who violates any provision of this code, including Minnesota Statutes specifically adopted by reference, which is designated to be a petty misdemeanor shall, upon conviction be guilty of a petty misdemeanor. Any new connections to the sanitary sewer system shall be prohibited unless sufficient capacity is available in all downstream facilities, including but not limited to capacity for flow, BOD₅ and suspended solids, as determined by the Utilities Superintendent. Penalty, see §51.999

§ 51.056 BUILDING SEWER PERMITS.

(A) *Required.* No unauthorized person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the city.

(B) *Applications.* Applications for permits shall be made by the owner or authorized agent and the party employed to do the work, and shall state the location, name of owner, street number of the building to be connected and how occupied and schedule for completion of such project. No person shall extend any private building drain beyond the limits of the building or property for which the service connection permit has been given.

(C) *Classes.* There shall be two classes of building sewer permits: one for residential and commercial service, and one for service to establishments producing industrial wastes. In either case,

the application shall be supplemented by any plans, specifications or any other information considered pertinent in the judgment of the city. The industry, as a condition of permit authorization, must provide information describing its wastewater constituents, characteristics and type of activity.

(D) *Inspection and connection.* The applicant for the building sewer permit shall notify the city when the building sewer is ready for inspection and connection to the public sewer. The connection and inspection shall be made under the supervision of the Utilities Superintendent or authorized representative thereof. Penalty, see §51.999

§ 51.057 COSTS AND EXPENSES.

All costs and expenses incidental to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the city from any loss or damage that may be directly or indirectly occasioned by the installation of the building sewer. Penalty, see §51.999

§ 51.058 SEPARATE BUILDING SEWERS REQUIRED.

A separate and independent building sewer shall be provided for every building, except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard or driveway. The building sewer from the front building may be extended to the rear building and the whole considered one building sewer. The city does not and will not assume any obligation or responsibility for damage caused by or resulting from any connection. Penalty, see §51.999

§51.059 OLD BUILDING SEWERS; RESTRICTIONS ON USE.

Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Utilities Superintendent or his or her representative, to meet all requirements of this chapter.

§ 51.060 CONFORMANCE TO STATE BUILDING AND PLUMBING CODE REQUIREMENTS.

(A) The size, slopes, alignment, materials of construction of building sewers and the methods to be used in excavating, placing of the pipe, jointing, testing, and backfilling of the trench, shall all conform to the requirements of the State Building and Plumbing Code or other applicable rules and regulations of the city.

(B) The connection of the building sewer into the public sewer shall conform to the requirements of the State Building and Plumbing Code or other applicable rules and regulations of the city. All connections shall be made gastight and watertight, and verified by proper testing to prevent the inclusion of infiltration/inflow. Any deviation from the prescribed procedures and materials must be approved by the city prior to installation. Penalty, see §51.999

§ 51.061 ELEVATION BELOW BASEMENT FLOOR.

Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by the building drain shall be lifted by an approved means and discharged to the building sewer. Penalty, see §51.999

§51.062 SURFACE RUNOFF OR GROUNDWATER CONNECTIONS PROHIBITED.

No person shall make connection of roof downspouts, sump pumps, foundation drains, areaway drains or other sources of surface runoff or groundwater to a building sewer or indirectly to the wastewater disposal system. Penalty, see §51.999

§51.063 EXCAVATIONS.

All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, parkways and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the city. Penalty, see §51.999

§51.064 LICENSES.

(A) *Required.* No person shall make a service connection with any public sewer unless regularly licensed under this chapter to perform the work, and no permit shall be granted to any person except a regularly licensed person. A person licensed as a plumber by the State of Minnesota, or a person in the ditch installing the pipe who has a card showing that they have completed a program of training that incorporates the Plumbing Code installation requirements, issued by either the Associated Builders and Contractors, Laborers-Employers Cooperation Educational Trust, or Minnesota Utility Contractors Association, is not subject to the licensing requirements of this section.

(B) *Application.* Any person desiring a license to make a service connection with public sewers shall apply in writing to the City Council with satisfactory evidence that the applicant or employer is trained or skilled in the business and qualified to receive a license. All applications shall be referred to the Utilities Superintendent for recommendations to the Council. If approved by the Council, the license shall be issued by the City Clerk/Administrator upon the filing of a bond as hereinafter provided.

(C) *Issuance.* No license shall be issued to any person until a policy of insurance to the city, approved by the Council, is filed with the City Clerk/Administrator conditioned that the licensee will indemnify and save harmless the city from all suits, accidents and damage that may arise by reason of any opening in any street, alley or public ground made by the licensee or by those in the licensee's employment for any purpose whatever, and that the licensee will replace and restore the street and alley over that opening to the condition existing prior to installation, adequately guard with barricades and lights, and will keep and maintain the same to the satisfaction of the Utilities Superintendent, and shall conform in all respects to any rules and regulations of the Council relative thereto, and pay all fines that may be imposed on the licensee by law.

(D) *Fee.* The license fee for making service connections shall be as established by the Ordinance Establishing Fees and Charges adopted pursuant to § 30.11 of this code, as that ordinance may be amended from time to time. All licenses shall expire on December 31 of the license year unless the license is suspended or revoked by the Council for cause.

(E) *Suspension or revocation.* The Council may suspend or revoke any license issued under this subchapter for any of the following causes:

- (1) Giving false information in connection with the application for a license.
- (2) Incompetence of the licensee.

(3) Willful violation of any provisions of this chapter or any rule or regulation pertaining to the making of service connections. Penalty, see §51.999

(A) No person shall discharge or caused to be discharged any water such as storm water, ground water, roof runoff, surface drainage or non-contact cooling water to any sanitary sewer.

(B) Storm water and all other unpolluted drainage shall be discharged to those sewers as are specifically designed as storm sewers or to a natural outlet approved by the city and other regulatory agencies. Industrial cooling water or unpolluted process waters may be discharged to a storm sewer or natural outlet on approval of the city and upon approval and the issuance of a discharge permit by the MPCA. Penalty, see §51.999

§ 51.081 DISCHARGES OF WATERS OR WASTES.

No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

(A) Any liquids, solids or gases which by reason of their nature or quantity are, or may be, sufficient either alone or by interaction with other substances to cause fire or explosion or be injurious in any other way to the wastewater disposal system or to the operation of the system. A toxic pollutant shall include but not be limited to any pollutant identified pursuant to Section 307(a) of the Act (33 USC 1317(a)). Penalty, see §51.999

§ 51.082 LIMITED DISCHARGES.

(A) The following described substances, materials, water or wastes shall be limited in discharges to municipal systems to concentrations or quantities which will not harm either sewers, the wastewater

treatment works, treatment process or equipment, will not have an adverse effect on the receiving stream and soil, vegetation and ground water, or will not otherwise endanger lives, limb, public property, or constitute a nuisance. The Utilities Superintendent may set limitations lower than limitations established in the regulations below if, in his or her opinion, the more severe limitations are necessary to meet the above objectives. In forming his or her opinion as to the acceptability of wastes, the Utilities Superintendent will give consideration to factors as the quantity of subject waste in reaction to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, the city's NPDES/SDS permit, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors.

(B) The limitations or restrictions on materials or characteristics of waste or wastewaters discharged to the sanitary sewer which shall not be violated without approval of the Utilities Superintendent are as follows:

(1) Any wastewater having a temperature greater than 150°F (65.6°C), or causing, individually or in combination with other wastewater, the influent at the wastewater treatment plant to have a temperature exceeding 104°F (40°C), or having heat in amounts which will inhibit biological activity in the wastewater treatment works resulting in interference therein.

(2) Any wastewater containing fats, wax, grease or oils, whether emulsified or not, in excess of 100 mg/l or containing substances which may solidify or become viscous at temperatures between 32°F and 150°F (0°C and 65.6°C); and any wastewater containing oil and grease concentrations of mineral origin of greater than 100 mg/l, whether emulsified or not.

(3) Any quantities of flow, concentrations, or both which constitute a “slug” as defined in §51.001.

(4) Any garbage not properly shredded, as defined in §51.001 of this chapter. Garbage grinders may be connected to sanitary sewers from homes, hotels, institutions, restaurants, hospitals, catering establishments or similar places where garbage originates from the preparation of food on the premises or when served by caterers.

(5) Any noxious or malodorous liquids, gases or solids which either singly or by interaction with other wastes are capable of creating a public nuisance or hazard to life, or are sufficient to prevent entry into the sewers for their maintenance and repair.

(6) Any wastewater with objectionable color not removed in the treatment process such as but not limited to dye wastes and vegetable tanning solutions.

(7) Non-contact cooling water or unpolluted storm, drainage or ground water.

(8) Wastewater containing inert suspended-solids such as but not limited to fullers earth, lime slurries, and lime residues, or of dissolved solids such as but not limited to sodium chloride and sodium sulfate, in quantities that would cause disruption with the wastewater disposal system.

(9) Any radioactive wastes or isotopes of half-life or concentration as may exceed limits established by the Utilities Superintendent in compliance with applicable state or federal regulations.

(10) Any waters or wastes containing the following substances to the degree that any material received in the composite wastewater at the wastewater treatment works is detrimental to treatment process, adversely impacts land application, adversely effects receiving waters, or is in violation of standards pursuant to Section 307(b) of the Act (33 USC 1317(b)): Arsenic, Cadmium, Copper, Cyanide, Lead, Mercury, Nickel, Silver, total Chromium, Zinc and Phenolic compounds which cannot be removed by the city's wastewater treatment system.

(11) Any wastewater which creates conditions at or near the wastewater disposal system which violates any statute, rule, regulation or ordinance of any regulatory agency, or state or federal regulatory body.

(12) Any waters or wastes containing BOD₅ or suspended solids of character and quantity that unusual attention or expense is required to handle the materials at the wastewater treatment works, except as may be permitted by specific written agreement subject to the provisions of ' 51.094.

§ 51.083 DISCHARGES HAZARDOUS TO LIFE OR CONSTITUTE PUBLIC NUISANCES.

(A) If any waters or wastes are discharged or are proposed to be discharged to the public sewers which contain substances or possess the characteristics enumerated in §51.082, or which in the judgment of the Utilities Superintendent may have a deleterious effect upon the wastewater treatment facilities, processes, or equipment, receiving waters or soil, vegetation, and ground water, or which otherwise create a hazard to life or constitute a public nuisance, the city may:

- (1) Reject the wastes;
- (2) Require pretreatment to an acceptable condition for discharge to the public sewers, pursuant to Section 307(b) of the Act (33 USC 1317(b)) and all amendments thereof;
- (3) Require control over the quantities and rates of discharge; and
- (4) Require payment to cover the added costs of handling, treating and disposing of wastes not covered by existing taxes or sewer service charges.

(B) If the city permits the pretreatment or equalization of waste flows, the design, installation and maintenance of the facilities and equipment shall be made at the owner's expense and shall be subject to the review and approval of the city pursuant to the requirements of the MPCA.

§ 51.084 INCREASING USE OF PROCESS WATER.

No user shall increase the use of process water or, in any manner, attempt to dilute a discharge as a partial or complete substitute for adequate treatment to achieve compliance with the limitations contained in §§51.081 and 51.082, or contained in the National Categorical Pretreatment Standards or any state requirements. Penalty, see §51.999

§ 51.085 PRETREATMENT OR FLOW-EQUALIZING FACILITIES.

Where pretreatment or flow-equalizing facilities are provided or required for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation at the expense of the owner.

§ 51.086 GREASE, OIL AND SAND INTERCEPTORS.

Grease, oil, and sand interceptors shall be provided when, in the opinion of the Utilities Superintendent, they are necessary for the proper handling of liquid wastes containing floatable grease in excessive amounts, as specified in §51.082(B)(2), any flammable wastes as specified in §51.081(A), sand or other harmful ingredients; except that interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of the type to be readily and easily accessible for cleaning and inspection. In the maintaining of these interceptors, the owner shall be responsible for the proper removal and disposal of the captured materials by appropriate means, and shall maintain a record of dates and means of disposal which are subject to review by the Utilities Superintendent. Any removal and hauling of the collecting materials not performed by the owner's personnel must be performed by a currently licensed waste disposal firm. Penalty, see §51.999

§ 51.087 INDUSTRIAL WASTES; INSTALLATIONS.

Where required by the city, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable structure, or control manhole, with necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of wastes. The structure shall be accessible and safely located, and shall be constructed in accordance with plans approved by the city. The structure shall be installed by the owner at his or her expense and shall be maintained by the owner to be safe and accessible at all times. Penalty, see §51.999

§ 51.088 INDUSTRIAL WASTES; REQUIREMENTS.

The owner of any property serviced by a building sewer carrying industrial wastes may, at the discretion of the city, be required to provide laboratory measurements, tests or analyses of waters or wastes to illustrate compliance with this chapter and any special condition for discharge established by the city or regulatory agencies having jurisdiction over the discharge. The number, type and frequency of sampling and laboratory analyses to be performed by the owner shall be as stipulated by the city. The industry must supply a complete analysis of the constituents of the wastewater discharge to assure that compliance with federal, state and local standards are being met. The owner shall report the results of measurements and laboratory analyses to the city at times and in the manner as prescribed by the city. The owner shall bear the expense of all measurements, analyses and reporting required by the city. At those times as deemed necessary, the city reserves the right to take measurements and supplies for analysis by an independent laboratory. Penalty, see §51.999

§ 51.089 MEASUREMENTS, TESTS AND ANALYSES OF WATERS AND WASTES.

All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of *Standard Methods for the Examination of Water and Wastewater*, published by the American Public Health Association. Sampling methods, location, times, duration and frequencies are to be determined on an individual basis subject to approval by the Utilities Superintendent. Penalty, see §51.999

§ 51.090 PROTECTION FROM ACCIDENTAL DISCHARGE OF PROHIBITED MATERIALS.

Where required by the city, the owner of any property serviced by a sanitary sewer shall provide protection from an accidental discharge of prohibited materials or other substances regulated by this chapter. Where necessary, facilities to prevent accidental discharges of prohibited materials shall be provided and maintained at the owner's expense. Detailed plans showing facilities and operating procedures to provide this protection shall be submitted to the Utilities Superintendent for review and approval prior to construction of the facility. Review and approval of the plans and operating procedures shall not relieve any user from the responsibility to modify the user's facility as necessary to meet the requirements of this chapter. Users shall notify the Utilities Superintendent immediately upon having a slug or accidental discharge of substances of wastewater in violation of this chapter to enable countermeasures to be taken by the Utilities Superintendent to minimize damage to the wastewater treatment works. The notification will not relieve any user of any liability for any expense, loss or damage to the wastewater treatment system or treatment process, or for any fines imposed on the city on account thereof under any state and federal law. Employers shall ensure that all employees who may cause or discover a discharge are advised of the emergency notification procedure. Penalty, see §51.999

§51.091 PERMITTING SUBSTANCE OR MATTER TO FLOW OR PASS INTO PUBLIC SEWERS.

No person having charge of any building or other premises which drains into the public sewer shall permit any substance or matter which may form a deposit or obstruction to flow or pass into the public sewer. Within 30 days after receipt of written notice from the city, the owner shall install a suitable and sufficient catch basin or waste trap, or if one already exists, shall clean out, repair or alter the same, and perform other work as the Utilities Superintendent may deem necessary. Upon the owner's refusal or neglect to install a catch basin or waste trap or to clean out, repair, or alter the same after the period of 30 days, the Utilities Superintendent may cause the work to be completed at the expense of the owner or representative thereof. Penalty, see §51.999

§51.092 REPAIRING SERVICE CONNECTION.

Whenever any service connection becomes clogged, obstructed, broken or out of order, or detrimental to the use of the public sewer, or unfit for the purpose of drainage, the owner shall repair or cause the work to be done as the Utilities Superintendent may direct. Each day after 30 days that a person neglects or fails to so act shall constitute a separate violation of this section, and the Utilities Superintendent may then cause the work to be done, and recover from the owner or agent the expense thereof by an action in the name of the city. Penalty, see §51.999

§ 51.093 CATCH BASIN OR WASTE TRAPS REQUIRED FOR MOTOR VEHICLE WASHING OR SERVICING FACILITIES.

The owner or operator of any motor vehicle washing or servicing facility shall provide and maintain in serviceable condition at all times a catch basin or waste trap in the building drain system to prevent grease, oil, dirt or any mineral deposit from entering the public sewer system. Penalty, see §51.999

§ 51.094 SPECIAL AGREEMENT AND ARRANGEMENT.

No statement contained in this subchapter shall be construed as preventing any special agreement or arrangement between the city and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the city for treatment, subject to payment therefore by the industrial concern; provided, that National Categorical Pretreatment Standards and the city's NPDES/SDS Permit limitations are not violated.

The City Council shall annually determine whether or not sufficient revenue is being generated for the effective operation, maintenance, replacement and management of the treatment works, and whether sufficient revenue is being generated for debt retirement. The Council will also determine whether the user charges are distributed proportionately to each user in accordance with §51.113(B). The city shall thereafter, but not later than the end of the year, reassess and as necessary revise the Sewer Service Charge System then in use to ensure the proportionality of the user charges and to ensure the sufficiency of funds to maintain the capacity and performance to which the facilities were constructed, and to retire the construction debt.

(B) In accordance with federal and state requirements, each user will be notified annually in conjunction with a regular billing of that portion of the sewer service charge attributable to operation, maintenance and replacement.

(C) In accordance with federal and state requirements, the City Clerk/Administrator shall be responsible for maintaining all records necessary to document compliance with the Sewer Service Charge System adopted.

(D) Bills for sewer service charges shall be rendered on a basis as established by City Council, succeeding the period for which the service was rendered and shall be due at the time as established by the City Council. Unpaid accounts shall be determined to be delinquent in accordance with city policy.

(E) The owner of the premises shall be liable to pay for the service to their premises, and the service is furnished to the premises by the city only upon the condition that the owner of the premises is liable therefore to the city.

(F) Any additional costs caused by discharges to the treatment works of toxics or other incompatible wastes, including the cost of restoring wastewater treatment services, clean up and restoration of the receiving waters and environs, and sludge disposal, shall be borne by the discharger of the wastes, at no expense to the city.

POWERS AND AUTHORITY OF INSPECTORS

§ 51.130 AUTHORIZED EMPLOYEES PERMITTED TO ENTER ALL PROPERTIES.

The Utilities Superintendent or other duly authorized employees of the city, bearing proper credentials and identification, are authorized, with the permission of the licensee, owner, resident or other person in control of property within the city, to enter all properties for the purpose of inspection, observations, measurement, sampling and testing pertinent to the discharges to the city's sewer system in accordance with the provisions of this chapter. If the licensee, owner, resident or other person in control of property within the city does not permit the entrance to the property, the city shall obtain an administrative search warrant as provided for in §10.20 before entering the property, except in emergency situations.

§ 51.131 AUTHORIZED EMPLOYEES OBTAINING INFORMATION FOR INDUSTRIAL PROCESSES.

The Utilities Superintendent or other duly authorized employees are authorized to obtain information concerning industrial processes which have a direct bearing on the type and source of discharge to the wastewater collection system. An industry may withhold information considered confidential; however, the industry must establish that the revelation to the public of the information in question might result in an advantage to competitors.

§ 51.132 AUTHORIZED EMPLOYEES TO OBSERVE SAFETY RULES.

§ 52.02 USE OF WATER SERVICE.

No person other than a city employee shall uncover or make or use any water service installation connected to the city water system except in the manner provided by this chapter. No person shall make or use any installation contrary to the regulatory provisions of this chapter. Penalty, see §10.99

§52.03 USE TO CIRCUMVENT CHAPTER PROHIBITED.

No person shall permit water from the water system to be used for any purpose to circumvent this chapter. Penalty, see §10.99

§ 52.04 DAMAGE TO WATER SYSTEM.

(A) No unauthorized person shall remove or damage any structure, appurtenance, or part of the water system or fill or partially fill any excavation or move any gate valve used in the water system.

(B) No person shall make any connection of an electrical welder to the city water main, appurtenance or service or use an electric welder for the purpose of thawing frozen water mains, appurtenances or services. Penalty, see §10.99

§ 52.05 CONNECTIONS BEYOND CITY BOUNDARIES.

Where water mains of the city are in any street or alley adjacent to or outside the corporate limits of the city, the City Council may issue permits to the owners or occupants of properties adjacent or accessible to the water main to make proper water service pipe connections with the water mains of the city and to be supplied with water in conformity with the applicable provisions of this chapter and subject to any contract for the supply of water between the city and any other city. Penalty, see § 10.99

§ 52.06 CONNECTION TO SYSTEM REQUIRED; USE OF PRIVATE WELLS.

(A) Except where municipal water is not available, it shall be unlawful to construct, reconstruct, or repair any private water system which is designed or intended to provide water for human consumption. Private wells, to provide water for other than human consumption, may be constructed, maintained and continued in use after connection is made to the water system; provided, there is no means of cross-connection between the private well and municipal water supply at any time. Hose bibbs that will enable the cross-connection of the two systems are prohibited on internal piping of the well system supply. Where both private and city systems are in use, outside hose bibbs shall not be installed on both systems.

(B) All new homes or buildings shall connect to the municipal water system if water is available to the property. At the time as municipal water becomes available to existing homes or buildings, a direct connection shall be made to the public system within a period of time as determined by the City Council. If the connection is not made pursuant to this chapter, a charge shall be made in an amount established by § 52.51.

(C) Where new homes or buildings do not have water available to the property, the city shall determine whether and under what conditions the municipal water system will be extended to serve the property.

(D) If the well is not to be used after the time a municipal water connection is made:

- (1) The well pump and tank shall be disconnected from all internal piping;
- (2) The casing shall be filled with sandy soil from the bottom to a point eight feet from the top;
- (3) The remaining eight feet shall be filled with concrete to the floor level and the well casing cut off as close to the floor level as possible;
- (4) Within 30 days after the municipal water connection is made, the owner or occupant must advise the City Utilities Superintendent that the well has been sealed.

(5) Notwithstanding the foregoing, all well abandonment shall be done in accordance with M.S. §§103I.301 to 103I.345 and Minn. Rules Ch. 4725, Wells and Borings, as it may be amended from time to time. Penalty, see §10.99

§ 52.07 USE OF WATER FOR AIR CONDITIONING; PERMITS.

(A) All air conditioning systems which are connected directly or indirectly with the public water system must be equipped with water conserving and water regulating devices as approved by the City Engineer or City Utilities Superintendent.

(B) Permits shall be required for the installation of all air conditioning systems to the public water system. The fee shall be established pursuant to §52.51. Penalty, see §10.99

§ 52.08 USE OF WATER FROM FIRE HYDRANTS; TEMPORARY CONNECTIONS.

(A) *Use of fire hydrants.* Except for extinguishment of fires, no person, unless authorized by the Public Works Director or Public Utilities Department, shall operate fire hydrants or interfere in any way with the water system without first obtaining permission from the city as follows:

(1) A permit to use a fire hydrant shall be issued for each individual job or contract and for a minimum of 30 days and for the additional 30 day period as the city shall determine. The permit shall state the location of the hydrant and shall be for the use of that hydrant and none other.

(2) The user shall make an advance cash deposit to guarantee payment for water used and to cover breakage and damage to the hydrant and meter, which shall be refunded upon expiration of the permit, less applicable charges for use.

(3) The user shall relinquish the use of the hydrant to authorized city employees in emergency situations.

(4) The user shall pay a rental charge as established pursuant to § 52.51 for each day including Sundays and legal holidays, and a fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to § 30.11 of this code, as that ordinance may be amended from time to time for each 1,000 gallons of water used.

(B) *Temporary connection to fire hydrants.* An owner of a private water system may make a temporary above ground connection to a fire hydrant, subject to the time periods, conditions, and payment specified in § 52.51. In addition, the method of connection to the private system shall conform to all existing requirements of this chapter and city ordinance and the type of meter used shall meet the approval of the Utilities Superintendent. Penalty, see §10.99

§ 52.09 WATER DEFICIENCY, SHUT OFF AND USE RESTRICTIONS.

The city shall not be liable for any deficiency or failure in the supply of water to consumers, whether occasioned by shutting the water off for the purpose of making repairs or connections or from any other cause whatsoever. In case of fire, or alarm of fire, or in making repairs of construction of new works, water may be shut off without notice at any time and kept off as long as necessary. In addition, the City Council shall have the right to impose reasonable restrictions on the use of the city water system in emergency situations. For non-payment of charges, water service may be discontinued according to the procedures established in §52.72.

WATER REGULATIONS

§ 52.25 SUPPLY FROM ONE SERVICE.

§ 52.27 REPAIRS.

(A) *Determination of need for repairs.* Based on the information supplied by the property owner or available to the city, the city will make a determination whether a problem exists in that portion of the service which is the city's responsibility. If the problem, appears to exist in the areas for which the city has no responsibility, the private owners will be responsible for correction of the problem.

(B) *Thawing of water services.* The city will attempt to thaw water services on request of the resident. If the problem is found within that portion of the service for which the private owner is responsible, the private owner thereafter will be responsible for thawing the service and correction of the problem.

(C) *Excavation or repair of water service.*

(1) The city will arrange for the investigative digging up and repair of any water service where the problem apparently exists within that area for which the city has responsibility.

(2) Unless it is clearly evident, however, that the problem is the not responsibility of the city, the excavation and repair will be made by the property owner to excavate or repair the service and arranges to pay the cost.

(3) The owner further agrees to waive public hearing and be special assessed the cost of the excavation and repair if the problem is found to be other than the city's responsibility. The city will make the determination for responsibility of the cost of investigation or repair.

(4) The matter of whether the dig up is done by city forces or contracted would depend on the urgency or need of repair and the availability of city forces to do the work. Recovery by the city for faulty construction will depend upon the circumstances and the decision of the City Attorney on the likelihood of recovery.

(D) *Failure to repair.* In case of failure upon the part of any consumer or owner to repair any leak occurring in his or her service pipe within 24 hours after verbal or written notice thereof, the water may be turned off by the city and shall not be turned on until the leak has been repaired and a fee pursuant to § 52.51 has been paid to the city. Penalty, see §10.99

§ 52.28 ABANDONED OR UNUSED SERVICES.

(A) If the premises served by water have been abandoned, or if the service has not been used for one year, then the service shall be shut off at the curb stop box by the city and the water meter will be removed.

(B) When new buildings are erected on the site of old ones, and it is desired to increase or change the old water service, no connections with the mains shall be made until all the old service has been removed and the main taps plugged or yoked connections installed by the city at the owner's expense.

Penalty, see §10.99

§ 52.29 DISCONNECTION PERMIT.

The service pipe must be placed no less than seven feet below the ground and in a manner as to prevent rupture by freezing. Service pipes must extend from the curb stop box to the inside of the building, or if not taken into the building, then to the hydrant or fixtures which it is intended to supply. Type K copper tubing shall be used. All services over two inches shall be ductile or cast iron. All underground joints are to be mechanical, except joints under floors shall be silver soldered, unless otherwise approved by the Utilities Superintendent. Joints of copper tubing shall be kept, to a minimum, with not more than one joint used for service for each 70 feet in length. Splicing may be approved with three-piece unions only. All joints and connections shall be left uncovered until inspected by the Utilities Superintendent and tested at normal water line pressure. Unions must be three-part type. Rules Ch. 4715, as it may be amended from time to time.

(C) Where it is desired to lay the water service pipe and the building sewer pipe in the same trench, or in separate trenches less than ten feet apart, the water service pipe shall be above the sewer pipe unless approved by the City Engineer. It shall be placed at least one foot above the sewer and on a solid shelf excavated at one side of the trench. The sewer pipe shall be of a material that is in conformance with the Minnesota Plumbing Code with tested watertight joints. The water service pipe shall be watertight and corrosion resistant. Copper pipe and ductile or cast iron water pipe with specially protected joints is acceptable for this construction. Cast iron pipe shall conform to the American Water Works Association specifications for this pipe. Bell joint clamps with rubber gaskets are provisionally acceptable as extra protection for the joints on cast iron water pipe. In all cases, precautions shall be taken to assure a firm foundation for the pipes. The intervening space between the pipes shall be backfilled with compacted earth.

(B) The penalty for violation of the provisions of state statutes adopted by reference in this section shall be identical with the penalty provided for in the statutes for the same offense.

§ 70.02 TRUCKS PROHIBITED ON CERTAIN STREETS.

(A) The City Council by resolution may designate streets on which travel by commercial vehicles in excess of 10,000 pounds axle weight is prohibited. The Chief of Police shall cause appropriate signs to be erected on those streets. No person shall operate a commercial vehicle on posted streets in violation of the restrictions posted.

(B) The weight restrictions established in division (A) shall not apply to city or emergency vehicles, public school buses or to garbage and refuse trucks making regular collections and are under contract with the city, nor shall the weight restrictions in division (A) apply if a commercial vehicle must use the particular street in question for the purpose of local pick-up or delivery. Penalty, see §10.99

§ 70.03 STOP INTERSECTIONS.

The city may designate intersections as a stop intersection and require all vehicles to stop at one or more entrances to those intersections. The city shall post signs at those designated intersections, giving notice of the designation as a stop intersection. It shall be unlawful for any person to fail to obey the markings or signs posted under this section. Penalty, see §10.99

§ 70.04 THROUGH STREETS AND ONE-WAY STREETS.

The City Council by resolution may designate any street or portion of a street as a through street or one-way street where necessary to preserve the free flow of traffic or to prevent accidents. No trunk highway shall be so designated unless the consent of the Commissioner of Transportation to the designation is first secured. The city shall cause appropriate signs to be posted at the entrance to designated streets. It shall be unlawful for any person to fail to obey the markings or signs posted under this section. Penalty, see §10.99

§ 70.05 TURNING RESTRICTIONS.

(A) (1) The City Council by resolution may, whenever necessary to preserve a free flow of traffic or to prevent accidents, designate any intersection as one where turning of vehicles to the left or to the right, or both, is to be restricted at all times or during specified hours. No intersection on a trunk highway shall be so designated until the consent of the Commissioner of Transportation to the designation is first obtained.

(2) The city shall mark by appropriate signs any intersection so designated.

(3) No person shall turn a vehicle at any intersection contrary to the direction on those signs.

(B) Except at intersections, and then only if not posted otherwise, it shall be unlawful for any person operating a motor vehicle on any street to cross the center of the street for the purpose of parking on the side of the street opposite the original direction of travel.

(C) It shall be unlawful for any person operating a motor vehicle on any street to back up or drive from a parked position and commence travel in the opposite direction from which the motor vehicle faced when parked. Penalty, see §10.99

§ 70.06 U-TURNS RESTRICTED.

No person shall turn a vehicle so as to reverse its direction on any street in the business district or at any intersection where traffic is regulated by a traffic control signal. Penalty, see §10.99

§ 70.07 EXCESSIVE NOISE.

(A) As used in this section, **LIGHT-MOTOR VEHICLES** means any automobile, van, motorcycle, motor-driven cycle, motor scooter, go-cart, minibike, trail bike, or truck with a gross vehicular weight of less than 10,000 pounds.

(B) It shall be unlawful for any person to operate, or cause to operate, or use a light-motor vehicle in a manner as to cause, or allow to be caused, excessive noise levels as a result of unreasonable rapid accelerations, deceleration, revving of engine, squealing of tires, honking of horns, or as a result of the operation of audio devices including but not limited to radios, phonograph, tape players, compact disc players or any other sound-amplifying device on or from the light-motor vehicle.

(C) No person shall operate, or cause to operate, or use a light-motor vehicle in violation of the noise standards contained in Minn. Rules parts 7030.1050 and 7030.1060, as it may be amended from time to time.

No person shall operate, or cause to operate, or use a light-motor vehicle whose exhaust system has been modified, altered, or repaired in any way, including the use of a muffler cut-out or by-pass, that amplifies or otherwise increases noise above that emitted by the light-motor vehicle as originally equipped.

(E) The following are exempted from the provisions of this section:

- (1) Sound emitted from sirens of authorized emergency vehicles;
- (2) Burglar alarms on light-motor vehicles of the electronic signaling type which also transmit an audible signal to a receiver which can be carried by the owner or operator of the vehicle; and

§ 70.08 EXHIBITION DRIVING PROHIBITED.

No person shall turn, accelerate, decelerate or otherwise operate a motor vehicle within the city in a manner which causes unnecessary engine noise or backfire, squealing tires, skidding, sliding, swaying, throwing of sand or gravel, or in a manner simulating a race. Unreasonable squealing or screeching sounds emitted by tires or the unreasonable throwing of sand or gravel by the tires is prima facie evidence of a violation of this section. Penalty, see §10.99

§ 70.09 CRUISING PROHIBITED.

(A) As used in this section, **CRUISING** means the operation of a motor vehicle as defined in M.S. §169.01, Subd. 3, as it may be amended from time to time, past a traffic control point as determined by a peace officer on a street in an area designated “No Cruising Zone” by City Council resolution four or more times between the hours of 9:00 p.m. and 3:30 a.m.

(B) The passing of a traffic control point under the conditions previously stated, shall constitute unnecessary repetitive driving and is a violation of this section.

(C) The following use of vehicles shall constitute valid exceptions to this prohibition: taxicabs for hire, buses, authorized emergency vehicle, vehicles use used by or under contract with any governmental jurisdiction, any vehicle being used to conduct legitimate business activities.

(D) This section may be enforced only in an area that has been posted as a ANo Cruising Zone. Signs shall be posted at the beginning and the end of any public street, alley or highway, or portion thereof which is a no cruising zone.

ENGINE-RETARDING BRAKE. A dynamic brake, jake brake, Jacobs brake, C-brake, Paccar brake, transmission brake or other similar engine-retarding brake system which alters the normal compression of the engine and subsequently releases that compression.

(B) It shall be unlawful for any person to discharge the exhaust or permit the discharge of the exhaust from any motor vehicle except through a muffler that effectively prevents abnormal or excessive noise and complies with all applicable state laws and regulations.

(C) It shall be unlawful for the operator of any truck to intentionally use an engine-retarding brake on any public highway, street, parking lot or alley within the city which causes abnormal or excessive noise from the engine because of an illegally modified or defective exhaust system, except in an emergency.

(D) Minnesota Statutes §§ 169.69 and 169.693 (motor vehicle noise limits) and Minn. Rules parts

7030.1000 through 7030.1050, as these statutes and rules may be amended from time to time, are hereby adopted by reference.

(E) Signs stating “VEHICLE NOISE LAWS ENFORCED” may be installed at locations deemed appropriate by the City Council to advise motorists of the prohibitions contained in this section, except that no sign stating “VEHICLE NOISE LAWS ENFORCED” shall be installed on a state highway without a permit from the Minnesota Department of Transportation. (A) The City Council may by resolution order the placing of signs, devices or marks, or the painting of streets or curbs prohibiting or restricting the stopping, standing or parking of vehicles on any street where, in its opinion, as evidenced by a finding in its official minutes, the stopping, standing or

parking is dangerous to those using the highway, or where the stopping, standing or parking of vehicles would unduly interfere with the free movement of traffic. ' 71.04 DECLARATION OF SNOW EMERGENCY; PARKING PROHIBITED.

(A) The Mayor, Police Chief or other designated official may declare a snow emergency in the city. Penalty, see ' 10.99

' 71.05 PARKING CERTAIN SEMI-TRAILERS OR TRACTORS ON PUBLIC STREETS PROHIBITED.

Penalty, see ' 10.99

' 71.07 REPAIRING OF VEHICLES.

Minor repairs and tune-ups, such as replacement of spark plugs, spark plug wires, thermostat, radiator or heater hoses, oil changes and brake jobs shall be permitted on city streets; provided, that they can be accomplished within the same day and completed by 10:00 p.m. All other repairs shall be considered major repairs and shall not be permitted on any city street, unless the repairs are made within an enclosed structure allowed within the zoning district. Damage to city streets because of repairs or lack of repairs shall be charged to the person responsible for the damage to the city streets.

' 71.08 PROHIBITING PARKING AREAS IN FRONT YARDS IN RESIDENTIAL ZONES.

(E) No person, being the owner or having control of any building, shall violate or fail to conform to any provision of this section, or fail to obey any lawful order of an officer charged with its enforcement. Each and every day on which any person continues to violate the provisions of this section, after having been notified of the violation, shall constitute a separate offense. This conviction shall not relieve any person from thereafter complying with the provisions of this section, and shall be sufficient cause to refuse further building or land use permits to the offender until a time as the orders have been complied with. Penalty, see ' 10.99

' 71.09 IMPOUNDMENT.

Any police officer may order the removal of a vehicle from a street to a garage or other place of safety when the vehicle is left unattended and constitutes an obstruction to traffic or hinders snow removal, street improvements or maintenance operations. The vehicle shall not be released until the fees for towing and storage are paid in addition to any fine imposed for violation of this chapter.

' 71.10 PRIMA FACIE VIOLATIONS.

The presence of any motor vehicle on any street when standing or parked in violation of this chapter is prima facie evidence that the registered owner of the vehicle committed or authorized the commission of the violation.

(B) *Sale after 45 days.* An impounded vehicle is eligible for disposal or sale under ' 90.23, 45 days after notice to the owner, if the vehicle is determined to be an unauthorized vehicle.

' 90.20 NOTICE OF TAKING AND SALE.

(A) *Contents; notice given within five days.* When an impounded vehicle is taken into custody, the city or impound lot operator taking it into custody shall give notice of the taking within five days. The notice shall:

(1) Set forth the date and place of the taking; the year, make, model and serial number of the impounded motor vehicle if the information can be reasonably obtained; and the place where the vehicle is being held;

(2) Inform the owner and any lienholders of their right to reclaim the vehicle under ' 90.21; and

(3) State that failure of the owner or lienholders to exercise their right to reclaim the vehicle and contents within the appropriate time allowed under ' 90.19 shall be deemed a waiver by them of all right, title and interest in the vehicle and contents and a consent to the transfer of title to and disposal or sale of the vehicle and contents pursuant to ' 90.23.

(B) *Notice by mail or publication.* The notice shall be sent by mail to the registered owner, if any, of an impounded vehicle and to all readily identifiable lienholders of record. The Department makes this information available to impound lot operators for notification purposes. If it is impossible to determine with reasonable certainty the identity and address of the registered owner and all lienholders, the notice shall be published once in a newspaper of general circulation in the area where the motor vehicle was towed from or abandoned. Published notices may be grouped together for convenience and economy.

(C) *Unauthorized vehicles; notice.* If an unauthorized vehicle remains unclaimed after 30 days from the date the notice was sent under division (B) of this section, a second notice shall be sent by certified mail, return receipt requested, to the registered owner, if any, of the unauthorized vehicle and to all readily identifiable lienholders of record.

' 90.21 RIGHT TO RECLAIM.

(A) *Payment of charges.* The owner or any lienholder of an impounded vehicle shall have a right to reclaim the vehicle from the city or impound lot operator taking it into custody upon payment of all towing and storage charges resulting from taking the vehicle into custody within 15 or 45 days, as applicable under ' 90.19, after the date of the notice required by ' 90.20.

(B) *Lienholders*. Nothing in this chapter shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a lienholder to foreclose. For the purposes of this section, **GARAGEKEEPER** is an operator of a parking place or establishment, an operator of a motor vehicle storage facility, or an operator of an establishment for the servicing, repair or maintenance of motor vehicles.

' 90.22 OPERATOR'S DEFICIENCY CLAIM; CONSENT TO SALE.

(A) *Deficiency claim*. The nonpublic impound lot operator has a deficiency claim against the registered owner of the vehicle for the reasonable costs of services provided in the towing, storage and inspection of the vehicle minus the proceeds of the sale or auction. The claim for storage costs may not exceed the costs of:

- (1) 25 days storage for a vehicle described in ' 90.19(A); and
- (2) 55 days storage for a vehicle described in ' 90.19(B).

(B) *Implied consent to sale*. A registered owner who fails to claim the impounded vehicle within the applicable time period allowed under ' 90.19 is deemed to waive any right to reclaim the vehicle and consents to the disposal or sale of the vehicle and its contents and transfer of title.

' 90.23 DISPOSITION BY IMPOUND LOT.

(A) *Auction or sale*.

(1) If an abandoned or unauthorized vehicle and contents taken into custody by the city or any impound lot is not reclaimed under ' 90.21, it may be disposed of or sold at auction or sale when eligible pursuant to ' ' 90.20 and 90.21.

(2) The purchaser shall be given a receipt in a form prescribed by the Registrar of Motor Vehicles which shall be sufficient title to dispose of the vehicle. The receipt shall also entitle the purchaser to register the vehicle and receive a certificate of title, free and clear of all liens and claims of ownership. Before a vehicle is issued a new certificate of title, it must receive a motor vehicle safety check.

(B) *Unsold vehicles*. Abandoned or junk vehicles not sold by the city or public impound lots pursuant to division (A) of this section shall be disposed of in accordance with ' 90.24.

(C) *Sale proceeds; public entities*. From the proceeds of a sale under this section by the city or public impound lot of an abandoned or unauthorized motor vehicle, the city shall reimburse itself for the cost of towing, preserving and storing the vehicle, and all administrative, notice and publication

costs incurred in handling the vehicle pursuant to this chapter. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for 90 days and then shall be deposited in the treasury of the city.

(D) *Sale proceeds; nonpublic impound lots.* The operator of a nonpublic impound lot may retain any proceeds derived from a sale conducted under the authority of division (A) of this section. The operator may retain all proceeds from sale of any personal belongings and contents in the vehicle that were not claimed by the owner or the owner's agent before the sale, except that any suspected contraband or other items that likely would be subject to forfeiture in a criminal trial must be turned over to the appropriate law enforcement agency.

’ 90.24 DISPOSAL AUTHORITY.

The city may contract with others or may utilize its own equipment and personnel for the inventory of impounded motor vehicles and abandoned scrap metal and may utilize its own equipment and personnel for the collection, storage and transportation of these vehicles and abandoned scrap metal. The city may utilize its own equipment and personnel only for the collection and storage of not more than five abandoned or unauthorized vehicles without advertising for or receiving bids in any 120-day period.

’ 90.25 CONTRACTS; REIMBURSEMENT BY MPCA.

(A) *MPCA review and approval.* If the city proposes to enter into a contract with a person licensed by the MPCA pursuant to this section or a contract pursuant to ’ 90.24, the MPCA may review the proposed contract before it is entered into by the city, to determine whether it conforms to the MPCA's plan for solid waste management and is in compliance with MPCA rules. A contract that does so conform may be approved by the MPCA and entered into by the city. Where a contract has been approved, the MPCA may reimburse the city for the costs incurred under the contract that have not been reimbursed under ’ 90.23. Except as otherwise provided in ’ 90.24, the MPCA shall not approve any contract that has been entered into without prior notice to and without a request for bids from all persons duly licensed by the MPCA to be a party to a disposal contract pursuant to M.S. ’ 116.07, as it may be amended from time to time; nor that does not provide for a full performance bond; or does not provide for total collection and transportation of abandoned motor vehicles, except that the MPCA may approve a contract covering solely collection or transportation of abandoned motor vehicles where the MPCA determines total collection and transportation to be impracticable and where all other requirements herein have been met and the unit of government, after proper notice and request for bids, has not received any bid for total collection and transportation of abandoned motor vehicles.

(B) *The city may perform work.* If the city utilizes its own equipment and personnel pursuant to its authority under ’ 90.24, and the use of the equipment and personnel conforms to the MPCA's plan for solid waste management and is in compliance with MPCA rules, the city may be reimbursed by the MPCA for reasonable costs incurred which are not reimbursed under ’ 90.23.

(C) *The city required to contract work.* The MPCA may demand that the city contract for the disposal of abandoned motor vehicles and other scrap metal pursuant to the MPCA's plan for solid waste disposal. If the city fails to contract within 180 days of the demand, the MPCA, through the Department of Administration and on behalf of the city, may contract with any person duly licensed by the MPCA for the disposal.

(b) Any naturally wild member of the canine family (family canidae) including wolves, foxes, coyotes, dingoes, and jackals, but excluding commonly accepted domesticated dogs.

(c) Any crossbreeds such as the crossbreed between a wolf and a dog, unless the crossbreed is commonly accepted as a domesticated house pet.

(e) Any poisonous, venomous, constricting, or inherently dangerous member of the reptile or amphibian families including rattlesnakes, boa constrictors, pit vipers, crocodiles and alligators.

(f) Any other animal which is not explicitly listed above but which can be reasonably defined by the terms of this section, including but not limited to bears, deer, monkeys and game fish.

AT LARGE. Off the premises of the owner and not under the custody and control of the owner or other person, either by leash, cord, chain, or otherwise restrained or confined.

CAT. Both the male and female of the felidae species commonly accepted as domesticated household pets.

DOG. Both the male and female of the canine species, commonly accepted as domesticated household pets, and other domesticated animals of a dog kind.

OWNER. Any person or persons, firm, association or corporation owning, keeping, or harboring an animal.

RELEASE PERMIT. A permit issued by the Animal Control Officer or other person in charge of the pound for the release of any animal that has been taken to the pound. A release permit may be obtained upon payment of a fee to the City Clerk in accordance with the regular license requirement if

the animal is unlicensed, payment of a release fee, and any maintenance costs incurred in capturing and impounding the animal. The release fee shall be as established in the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11, as it may be amended from time to time.

' **91.02 DOGS AND CATS.**

(A) *Running at large prohibited.* It shall be unlawful for the dog or cat of any person who owns, harbors, or keeps a dog or cat, to run at large. A person, who owns, harbors, or keeps a dog or cat which runs at large shall be guilty of a misdemeanor. Dogs or cats on a leash and accompanied by a responsible person or accompanied by and under the control and direction of a responsible person, so as to be effectively restrained by command as by leash, shall be permitted in streets or on public land unless the city has posted an area with signs reading ADogs or Cats Prohibited.@

(B) *License required.*

(1) All dogs over the age of six months kept, harbored, or maintained by their owners in the city, shall be licensed and registered with the city. Dog licenses shall be issued by the City Clerk upon payment of the license fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time. The owner shall state, at the time application is made for the license and upon forms provided, his or her name and address and the name, breed, color, and sex of each dog owned or kept by him or her. No license shall be granted for a dog that has not been vaccinated against distemper and rabies, as evidenced by a certificate by a veterinarian qualified to practice in the state in which the dog is vaccinated.

(2) It shall be the duty of each owner of a dog subject to this section to pay to the City Clerk the license fee established in the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11, as it may be amended from time to time.

(3) Upon payment of the license fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, the Clerk shall issue to the owner a license certificate and metallic tag for each dog licensed. The tag shall have stamped on it the year for which it is issued and the number corresponding with the number on the certificate. Every owner shall be required to provide each dog with a collar to which the license tag must be affixed, and shall see that the collar and tag are constantly worn. In case a dog tag is lost or destroyed, a duplicate shall be issued by the City Clerk. A charge shall be made for each duplicate tag in an amount established in the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11, as it may be amended from time to time. Dog tags shall not be transferable from one dog to another and no refunds shall be made on any dog license fee or tag because of death of a dog or the owner's leaving the city before the expiration of the license period.

(4) The licensing provisions of this division (B) shall not apply to dogs whose owners are nonresidents temporarily within the city, nor to dogs brought into the city for the purpose of participating

in any dog show. If the animal owned is a service animal which is capable of being properly identified as from a recognized school for seeing eye, hearing ear, service or guide animals, and the owner is a blind or deaf person, or a person with physical or sensory disabilities, then no license shall be required.

(5) The funds received by the City Clerk from all dog licenses and metallic tags fees as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, shall first be used to defray any costs incidental to the enforcement of this chapter; including, but not restricted to, the costs of licenses, metallic tags, and impounding and maintenance of the dogs.

(C) *Cats.* Cats shall be included as controlled by this division insofar as running-at-large, pickup, impounding, boarding, licensing and proof of anti-rabies vaccine is concerned. All other provisions of this section shall also apply to cats unless otherwise provided.

(D) *Vaccination.*

(1) All dogs and cats kept harbored, maintained, or transported within the city shall be vaccinated at least once every three years by a licensed veterinarian for:

- (b) Distemper.

(2) A certificate of vaccination must be kept on which is stated the date of vaccination, owner's name and address, the animal's name (if applicable), sex, description and weight, the type of vaccine, and the veterinarian's signature. Upon demand made by the City Clerk, the Animal Control Officer or a police officer, the owner shall present for examination the required certificate(s) of vaccination for the animal(s). In cases where certificates are not presented, the owner or keeper of the animal(s) shall have seven days in which to present the certificate(s) to the City Clerk or officer. Failure to do so shall be deemed a violation of this section.

Penalty, see ' 91.99

' 91.03 NON-DOMESTIC ANIMALS.

It shall be illegal for any person to own, possess, harbor, or offer for sale, any non-domestic animal within the city. Any owner of a non-domestic animal at the time of adoption of this code shall have 30 days in which to remove the animal from the city after which time the city may impound the animal as provided for in this section. An exception shall be made to this prohibition for animals specifically trained for and actually providing assistance to the handicapped or disabled, and for those animals brought into the city as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show or exhibition.

Penalty, see ' 91.99

' 91.04 FARM ANIMALS.

Farm animals shall only be kept in an agricultural district of the city, or on a residential lot of at least ten acres in size provided that no animal shelter shall be within 300 feet of an adjoining piece of property. An exception shall be made to this section for those animals brought into the city as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show or exhibition.

' 91.05 IMPOUNDING.

(A) *Running at large.* Any unlicensed animal running at large is hereby declared a public nuisance. Any Animal Control Officer or police officer may impound any dog or other animal found unlicensed or any animal found running at large and shall give notice of the impounding to the owner of the dog or other animal, if known. The Animal Control Officer or police officer shall not enter the property of the owner of an animal found running at large or the owner of an unlicensed animal unless the officer has first obtained the permission of the owner to do so or has obtained a warrant issued by a court of competent jurisdiction, as provided for in ' 10.20, to search for and seize the animal. In case the owner is unknown, the officer shall post notice at the city office that if the dog or other animal is not claimed within the time specified in division (C) of this section, it will be sold or otherwise disposed of. Except as otherwise provided in this section, it shall be unlawful to kill, destroy, or otherwise cause injury to any animal, including dogs and cats running at large.

(B) *Biting animals.* Any animal that has not been inoculated by a live modified rabies vaccine and which has bitten any person, wherein the skin has been punctured or the services of a doctor are required, shall be confined in the city pound for a period of not less than ten days, at the expense of the owner. The animal may be released at the end of the time if healthy and free from symptoms of rabies, and by the payment of all costs by the owner. However, if the owner of the animal shall elect immediately upon receipt of notice of need for the confinement by the officer to voluntarily and immediately confine the animal for the required period of time in a veterinary hospital of the owner's choosing, not outside of the county in which this city is located, and provide immediate proof of confinement in the manner as may be required, the owner may do so. If, however, the animal has been inoculated with a live modified rabies vaccine and the owner has proof of the vaccination by a certificate from a licensed veterinarian, the owner may confine the dog or other animal to the owner's property.

(C) *Reclaiming.* All animals conveyed to the pound shall be kept, with humane treatment and sufficient food and water for their comfort, at least five regular business days, unless the animal is a dangerous animal as defined under ' 91.11 in which case it shall be kept for seven regular business days or the times specified in ' 91.11, and except if the animal is a cruelly-treated animal in which case it shall be kept for ten regular business days, unless sooner reclaimed by their owners or keepers as provided by this section. In case the owner or keeper shall desire to reclaim the animal from the pound, the following shall be required, unless otherwise provided for in this code or established from time to time by resolution of the City Council:

(1) Payment of the release fee and receipt of a release permit as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time.

(2) Payment of maintenance costs, as provided by the pound, per day or any part of day while animal is in the pound; and

(3) If a dog is unlicensed, payment of a regular license fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, and valid certificate of vaccination for rabies and distemper shots is required.

(D) *Unclaimed animals.* At the expiration of the times established in division (C) of this section, if the animal has not been reclaimed in accordance with the provisions of this section, the officer appointed to enforce this section may let any person claim the animal by complying with all provisions in this section, or the officer may sell the animal to the University of Minnesota, or cause the animal to be destroyed in a proper and humane manner and shall properly dispose of the remains thereof. Any money collected under this section shall be payable to the City Clerk.

Penalty, see ' 91.99

' 91.06 KENNELS.

(A) *Definition of kennel.* The keeping of three or more dogs on the same premises, whether owned by the same person or not and for whatever purpose kept, shall constitute a kennel; except that a fresh litter of pups may be kept for a period of three months before that keeping shall be deemed to be a kennel.

(B) *Kennel as a nuisance.* Because the keeping of three or more dogs on the same premises is subject to great abuse, causing discomfort to persons in the area by way of smell, noise, hazard, and general aesthetic depreciation, the keeping of three or more dogs on the premises is hereby declared to be a nuisance and no person shall keep or maintain a kennel within the city.

Penalty, see ' 91.99

' 91.07 NUISANCES.

(A) *Habitual barking.* It shall be unlawful for any person to keep or harbor a dog which habitually barks or cries. Habitual barking shall be defined as barking for repeated intervals of at least five minutes with less than one minute of interruption. The barking must also be audible off of the owner's or caretaker's premises.

(B) *Damage to property.* It shall be unlawful for any person's dog or other animal to damage any lawn, garden, or other property, whether or not the owner has knowledge of the damage.

(C) *Cleaning up litter.* The owner of any animal or person having the custody or control of any animal shall be responsible for cleaning up any feces of the animal and disposing of the feces in a sanitary manner whether on their own property, on the property of others or on public property.

(D) *Warrant required.* The Animal Control Officer or police officer shall not enter the property of the owner of an animal described in this section unless the officer has first obtained the permission of the owner to do so or has obtained a warrant issued by a court of competent jurisdiction, as provided for in ' 10.20, to search for and seize the animal.

(E) *Other.* Any animals kept contrary to this section are subject to impoundment as provided in ' 91.05.

Penalty, see ' 91.99

' 91.08 SEIZURE OF ANIMALS.

Any police officer or Animal Control Officer may enter upon private property and seize any animal with the permission of the owner of the property, if that person is also the owner of the animal, provided that the following exist:

(A) There is an identified complainant other than the police officer or Animal Control Officer making a contemporaneous complaint about the animal;

(B) The officer reasonably believes that the animal meets either the barking dog criteria set out in ' 91.07(A); the criteria for cruelty set out in ' 91.13; or the criteria for an at large animal set out in ' 91.01(E);

(C) The officer can demonstrate that there has been at least one previous complaint of a barking dog; inhumane treatment of the animal; or that the animal was at large at this address on a prior date;

(D) The officer has made a reasonable attempt to contact the owner of the animal and the property to be entered and those attempts have either failed or have been ignored;

(E) The Animal Control Officer or police officer shall not enter the property of the owner of an animal described in this section unless the officer has first obtained the permission of the owner to do so or has obtained a warrant issued by a court of competent jurisdiction, as provided for in ' 10.20, to search for and seize the animal. If the officer has the permission of the owner, a property manager, landlord, innkeeper, or other authorized person to enter the property or has obtained a pass key from a property manager, landlord, innkeeper, or other authorized person to have that key shall not be considered unauthorized entry, and a warrant to search for and seize the animal need not be obtained; and

(F) Written notice of the seizure is left in a conspicuous place if personal contact with the owner of the animal is not possible.

' 91.09 ANIMALS PRESENTING A DANGER TO HEALTH AND SAFETY OF CITY.

If, in the reasonable belief of any person or the Animal Control Officer or police officer, an animal presents an immediate danger to the health and safety of any person, or the animal is threatening imminent harm to any person, or the animal is in the process of attacking any person, the person or officer may destroy the animal in a proper and humane manner whether or not the animal is on the property of its owner. Otherwise, the person or officer may apprehend the animal and deliver it to the pound for confinement under ' 91.05. If the animal is destroyed, the owner or keeper of the animal destroyed shall be liable to the city for the cost of maintaining and disposing of the animal, plus the costs of any veterinarian examination. If the animal is found not to be a danger to the health and safety of the city, it may be released to the owner or keeper in accordance with ' 91.05(C).

' 91.10 DISEASED ANIMALS.

(A) *Running at large.* No person shall keep or allow to be kept on his or her premises, or on premises occupied by them, nor permit to run at large in the city, any animal which is diseased so as to be a danger to the health and safety of the city, even though the animal be properly licensed under this section, and a warrant to search for and seize the animal is not required.

(B) *Confinement.* Any animal reasonably suspected of being diseased and presenting a threat to the health and safety of the public, may be apprehended and confined in the pound by any person, the Animal Control Officer or a police officer. The officer shall have a qualified veterinarian examine the animal. If the animal is found to be diseased in a manner so as to be a danger to the health and safety of the city, the officer shall cause the animal to be painlessly killed and shall properly dispose of the remains. The owner or keeper of the animal killed under this section shall be liable to the city for the cost of maintaining and disposing of the animal, plus the costs of any veterinarian examinations.

(C) *Release.* If the animal, upon examination, is not found to be diseased the animal shall be released to the owner or keeper free of charge.

Penalty, see ' 91.99

' 91.11 DANGEROUS ANIMALS.

(A) *Attack by an animal.* It shall be unlawful for any person's animal to inflict or attempt to inflict bodily injury to any person or other animal whether or not the owner is present. This section shall not apply to an attack by a dog under the control of an on-duty law enforcement officer or to an attack upon an uninvited intruder who has entered the owner's home with criminal intent.

(B) *Destruction of dangerous animal.* The Animal Control Officer shall have the authority to order the destruction of dangerous animals in accordance with the terms established by this chapter.

(3) ***PROPER ENCLOSURE.*** Securely confined indoors or in a securely locked pen or structure suitable to prevent the animal from escaping and to provide protection for the animal from the elements. A proper enclosure does not include a porch, patio, or any part of a house, garage, or other structure that would allow the animal to exit of its own volition, or any house or structure in which windows are open or in which door or window screens are the only barriers which prevent the animal from exiting. The enclosure shall not allow the egress of the animal in any manner without human assistance. A pen or kennel shall meet the following minimum specifications:

- (a) Have a minimum overall floor size of 32 square feet.
- (b) Sidewalls shall have a minimum height of five feet and be constructed of 11-gauge or heavier wire. The gate shall be equipped with a device capable of being locked and shall be locked at all times when the animal is in the pen or kennel.

(4) **UNPROVOKED.** The condition in which the animal is not purposely excited, stimulated, agitated or disturbed.

(D) *Designation as potentially dangerous animal.* The Animal Control Officer shall designate any animal as a potentially dangerous animal upon receiving evidence that the potentially dangerous animal has, when unprovoked, then bitten, attacked, or threatened the safety of a person or a domestic animal as stated in division (C)(2). When an animal is declared potentially dangerous, the Animal Control Officer shall cause one owner of the potentially dangerous animal to be notified in writing that the animal is potentially dangerous.

(E) *Evidence justifying designation.* The Animal Control Officer shall have the authority to designate any animal as a dangerous animal upon receiving evidence of the following:

(1) That the animal has, when unprovoked, bitten, attacked, or threatened the safety of a person or domestic animal as stated in division (C)(1).

(2) That the animal has been declared potentially dangerous and the animal has then bitten, attacked, or threatened the safety of a person or domestic animal as stated in division (C)(1).

(F) *Authority to order destruction.* The Animal Control Officer, upon finding that an animal is dangerous hereunder, is authorized to order, as part of the disposition of the case, that the animal be destroyed based on a written order containing one or more of the following findings of fact:

(1) The animal is dangerous as demonstrated by a vicious attack, an unprovoked attack, an attack without warning or multiple attacks; or

(2) The owner of the animal has demonstrated an inability or unwillingness to control the animal in order to prevent injury to persons or other animals.

(G) *Procedure.* The Animal Control Officer, after having determined that an animal is dangerous, may proceed in the following manner: The Animal Control Officer shall cause one owner of the animal to be notified in writing or in person that the animal is dangerous and may order the animal seized or make orders as deemed proper. This owner shall be notified as to dates, times, places and parties bitten, and shall be given 14 days to appeal this order by requesting a hearing before the City Council for a review of this determination.

(1) If no appeal is filed, the Animal Control Officer shall obtain an order or warrant authorizing the seizure and the destruction of the animal from a court of competent jurisdiction, unless the animal is already in custody or the owner consents to the seizure and destruction of the animal.

(2) If an owner requests a hearing for determination as to the dangerous nature of the animal, the hearing shall be held before the City Council, which shall set a date for hearing not more than three weeks after demand for the hearing. The records of the Animal Control or City Clerk's office shall be admissible for consideration by the Animal Control Officer without further foundation. After considering all evidence pertaining to the temperament of the animal, the City Council shall make an order as it deems proper. The City Council may order that the Animal Control Officer take the animal into custody for destruction, if the animal is not currently in custody. If the animal is ordered into custody for destruction, the owner shall immediately make the animal available to the Animal Control Officer. If the owner does not immediately make the animal available, the Animal Control Officer shall obtain an order or warrant authorizing the seizure and the destruction of the animal from a court of competent jurisdiction.

This supplementary application must be submitted before the permit end date.

(2) The Clerk, Utilities Superintendent or other person designated by the Council may issue an order to the permittee for any work which does not conform to the terms of the permit or other applicable standards, conditions, or codes. The order shall state that failure to correct the violation will be cause for revocation of the permit. Within ten days after issuance of the order, the permittee shall present proof to the Clerk, Utilities Superintendent or other person designated by the Council that the violation has been corrected. If proof has not been presented within the required time, the Clerk, Utilities Superintendent or other person designated by the Council may revoke the permit pursuant to ' 93.33.

‘ 93.32 SUPPLEMENTARY NOTIFICATION.

If the obstruction or excavation of the right-of-way begins later or ends sooner than the date given on the permit, the permittee shall notify the Clerk, Utilities Superintendent or other person designated by the Council of the accurate information as soon as this information is known.

‘ 93.33 REVOCATION OF PERMITS.

(A) *Substantial breach.* The city reserves its right, as provided herein, to revoke any right-of-way permit, without a fee refund if there is a substantial breach of the terms and conditions of any statute, ordinance, rule or regulation, or any material condition of the permit. A substantial breach, as stated above, will allow the city, at its discretion, to place additional or revised conditions on the permit to mitigate and remedy the breach.

(C) *Response to notice of breach.* Within 24 hours of receiving notification of the breach, the permittee shall provide the city with a plan, acceptable to the city, that will cure the breach. The permittee's failure to so contact the city, or the permittee's failure to submit an acceptable plan, or the permittee's failure to reasonably implement the approved plan, shall be cause for immediate revocation of the permit.

(D) *Reimbursement of city costs.* If a permit is revoked, the permittee shall also reimburse the city for the city's reasonable costs, including restoration costs and the costs of collection and reasonable attorneys' fees incurred in connection with the revocation.

' 93.34 MAPPING DATA; INFORMATION REQUIRED.

In making those decisions, the Clerk, Utilities Superintendent or other person

designated by the Council shall strive to the extent possible to accommodate all existing and potential users of the right-of-way, but shall be guided primarily by considerations of the public interest, the public's needs for the particular utility service, the condition of the right-of-way, the time of year with respect to essential utilities, the protection of existing facilities in the right-of-way, and future city plans for public improvements and development projects which have been determined to be in the public interest.

▸ **93.36 DAMAGE TO OTHER FACILITIES.**

When the city does work in the right-of-way and finds it necessary to maintain, support, or move facilities to protect it, the Clerk, Utilities Superintendent or other person designated by the Council shall notify the local representative as early as is reasonably possible and placed as required. GENERAL PROVISIONS**' 112.01 ADOPTION OF STATE LAW BY REFERENCE.**

The provisions of M.S. Ch. 340A, as they may be amended from time to time, with reference to the definition of terms, conditions of operation, restrictions on consumption, provisions relating to sales, hours of sale, and all other matters pertaining to the retail sale, distribution, and consumption of intoxicating liquor and 3.2 percent malt liquor are hereby adopted by reference and are made a part of this Chapter as if set out in full. It is the intention of the City Council that all future amendments to M.S. Ch. 340A are hereby adopted by reference or referenced as if they had been in existence at the time this Chapter is adopted.

' 112.02 CITY MAY BE MORE RESTRICTIVE THAN STATE LAW.

The Council is authorized by the provisions of M.S. ' 340A.509, as it may be amended from time to time, to impose, and has imposed in this chapter, additional restrictions on the sale and possession of alcoholic beverages within its limits beyond those contained in M.S. Ch. 340A, as it may be amended from time to time.

' 112.03 DEFINITIONS.

In addition to the definitions contained in M.S. ' 340A.101, as it may be amended from time to time, the following terms are defined for purposes of this chapter:

LIQUOR. As used in this chapter, without modification by the words "intoxicating" or "3.2 percent malt," includes both intoxicating liquor and 3.2 percent malt liquor.

RESTAURANT. An eating facility, other than a hotel, under the control of a single proprietor or manager, where meals are regularly prepared on the premises, where full waitress/waiter table service is provided, where a customer orders food from printed menus and where the main food course is served and consumed while seated at a single location. To be a "restaurant" as defined by this section, an establishment shall have a license from the state as required by M.S. ' 157.16, as it may be amended from time to time, and meet the definition of either a "small establishment," "medium establishment" or "large establishment" as defined in M.S. ' 157.16, Subd. 3d, as it may be amended from time to time. An establishment which serves prepackaged food that receives heat treatment and is served in the package or frozen pizza that is heated and served, shall not be considered to be a restaurant for purposes of this chapter unless it meets the definitions of "small establishment," "medium establishment" or "large establishment."

' 112.04 NUDITY ON THE PREMISES OF LICENSED ESTABLISHMENTS PROHIBITED.

(A) The City Council finds that it is in the best interests of the public health, safety, and general welfare of the people of the city that nudity is prohibited as provided in this section on the premises of any establishment licensed under this chapter. This is to protect and assist the owners, operators, and employees of the establishment, as well as patrons and the public in general, from harm stemming from the physical immediacy and combination of alcohol, nudity, and sex. The Council especially intends to prevent any subliminal endorsement of sexual harassment or activities likely to lead to the possibility of various criminal conduct, including prostitution, sexual assault, and disorderly conduct. The Council also finds that the prohibition of nudity on the premises of any establishment licensed under this chapter, as set forth in this section, reflects the prevailing community standards of the city.

(B) It is unlawful for any licensee to permit or allow any person or persons on the licensed premises when the person does not have his or her buttocks, anus, breasts, and genitals covered with a non-transparent material. It is unlawful for any person to be on the licensed premises when the person does not have his or her buttocks, anus, breasts, and genitals covered with a non-transparent material.

(C) A violation of this section is a misdemeanor punishable as provided by law, and is justification for revocation or suspension of any liquor, wine, or 3.2 percent malt liquor license or the imposition of a civil penalty under the provisions of ' 112.99(B).

Penalty, see ' 112.99

' 112.05 CONSUMPTION IN PUBLIC PLACES.

No person shall consume intoxicating liquor or 3.2 percent malt liquor in a public park, on any public street, sidewalk, parking lot or alley, or in any public place other than on the premises of an establishment licensed under this chapter, in a municipal liquor dispensary if one exists in the city, or where the consumption and display of liquor is lawfully permitted.

Penalty, see ' 112.99

LICENSING**' 112.20 NUMBER OF LICENSES WHICH MAY BE ISSUED.**

State law establishes the number of liquor licenses that a city may issue. However, the number of licenses which may be granted under this chapter is limited to the number of license which were issued as of the effective date of this chapter, even if a larger number of licenses are authorized by law or election. The Council in its sound discretion may provide by ordinance that a larger number of licenses may be issued up to the number of licenses authorized by M.S. Ch. 340A, as it may be amended

from time to time. If a larger number of licenses in a particular category has been authorized by a referendum held under the provisions of M.S. ' 340A.413, Subd. 3, as it may be amended from time to time, but not all of them have been issued, the larger number of licenses is no longer in effect until the Council by ordinance determines that any or all of the licenses may be issued. The Council is not required to issue the full number of licenses that it has available.

' 112.21 TERM AND EXPIRATION OF LICENSES.

Each license shall be issued for a maximum period of one year. All licenses, except temporary licenses, shall expire on December 31 of each year unless another date is provided by ordinance. All licenses shall expire on the same date. Temporary licenses expire according to their terms. Because the city recognizes that many persons under the age of 18 years purchase or otherwise obtain, possess and use tobacco, tobacco products, and tobacco related devices, and the sales, possession, and use are violations of both state and federal laws; and because studies, which the city hereby accepts and adopts, have shown that most smokers begin smoking before they have reached the age of 18 years and that those persons who reach the age of 18 years without having started smoking are significantly less likely to begin smoking; and because smoking has been shown to be the cause of several serious health problems which subsequently place a financial burden on all levels of government; this chapter shall be intended to regulate the sale, possession and use of tobacco, tobacco products, and tobacco related devices for the purpose of enforcing and furthering existing laws, to protect minors against the serious effects associated with the illegal use of tobacco, tobacco products, and tobacco related devices, and to further the official public policy of the state in regard to preventing young people from starting to smoke as stated in M.S. ' 144.391, as it may be amended from time to time.

' 119.01 PURPOSE.

The purpose of this chapter is to prescribe licensing requirements for sexually oriented businesses to protect the public health, safety, and welfare and to prevent criminal activity and the spread of sexually-transmitted diseases.

' 119.02 FINDINGS.

The City Council makes the following findings regarding the effect sexually oriented businesses have on the character of the city's neighborhoods. In making these findings, the City Council accepts the recommendations and conclusions of the *Report of the Attorney General's Working Group on the Regulation of Sexually Oriented Businesses* dated June 6, 1989, a copy of which is referenced and

included in Appendix II of this chapter. This chapter shall have no force and effect until the City Council accepts these recommendations by resolution of a majority of its members, using the model resolution contained in Appendix I of this chapter.

(A) Sexually oriented businesses can contribute to an increase in criminal activity in the area in which such businesses are located, increasing the demands on city crime-prevention programs and law enforcement services.

(B) Sexually oriented businesses can be used as fronts for prostitution and other criminal activity. The experience of other cities indicates that proper management and operation of such businesses can minimize this risk.

(C) Sexually oriented businesses can increase the risk of exposure to communicable diseases, including Acquired Immune Deficiency Syndrome (AIDS), for which there is currently no cure. Experiences of other cities indicate that such businesses can facilitate the spread of communicable diseases by virtue of the design and use of the premises, endangering not only the patrons of such establishments but also the general public.

(D) Sexually oriented businesses can cause or contribute to public health problems by the presence of live adult entertainment in conjunction with food and/or drink on the same premises.

(E) A licensing and regulatory scheme as prescribed in this chapter can facilitate the enforcement of the city's Aanti-blight@ regulations, as set forth in Chapter 153 of this code, and can aid in monitoring sexually oriented businesses for adverse secondary effects on the community.

(F) The risk of criminal activity and/or public health problems can be minimized through a licensing and regulatory scheme as prescribed in this chapter.

This fee will be for the purpose of conducting a preliminary background and financial investigation of the applicant. If the city believes that the public interest so warrants, it may require a similar investigation at the time of renewal of a license. If an investigation is ordered at the time of license renewal, the applicant must pay the fee specified above, except that the fee will be the smaller of the stated dollar amount or the actual cost of the investigation. There will be no refund of the investigation fee after the investigation has begun.

(B) The annual fees for a license are set forth in the Ordinance Establishing Fees and Charges, adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time.

(C) Each license expires on December 31 of the year in which it is issued. Fees for licenses issued during the license year will be prorated according to the number of months remaining in the year. For this purpose an unexpired fraction of a month will be counted as a whole month having elapsed.

(D) No refund of a fee will be made except as authorized by ordinance.

' 119.10 GRANTING OF LICENSES.

(A) No license may be issued until the Police Department, or the county Sheriff, if the city has no Police Department, has conducted an investigation of the representations set forth in the application, the applicant's moral character, and the applicant's financial status. All applicants must cooperate this investigation.

(B) No license, except for a renewed license, may be issued for a sexually oriented business until the Council has held a public hearing. Notice of the hearing must be made in the same manner as that specified in Chapter 151 of this code, for a zoning ordinance amendment affecting district boundaries. The Council must grant the license unless the applicant or the location does not meet the requirements of the city code, the application was incomplete, or the application contained false information or a material omission. If the application is denied, the city must notify the applicant with the reason(s) stated for denial. Notification must be sent certified, United States mail, return receipt requested, to the address provided on the license application. If the Council fails to act on the application within 45 days after receipt of a complete application, the application will be deemed approved. An applicant wishing to appeal the action of the City Council may seek a writ of certiorari before the Minnesota Court of Appeals.

(C) (1) The City Council may issue a license before an investigation, notice and public hearing for an applicant who:

(a) Had a license within the previous five years for the establishment that is specified in the application and that is continuing to operate under a license;

(b) Wishes to resume operation of the business without sufficient time, through no fault of his or her own, to meet the normal procedural requirements;

(c) Had no criminal license convictions, or license suspensions or revocations during the prior licensed period; and

(d) Otherwise qualifies and meets the requirements for a license.

(2) In this situation, the City Council may immediately issue an interim license to the applicant for a period of no longer than 90 days. The applicant must then proceed through the specified requirements for an investigation, notice, and public hearing. At the public hearing the Council will decide whether the license should continue in effect or be revoked. The applicant has no greater right to continuation of the license than he or she would have had to issuance of a new license following the normal procedure without the interim license.

(D) A license will be issued only to the applicant and for the premises described in the application. No license may be transferred to another person or place without application in the same manner as an application for a new license. Transfer of 25% or more of the stock of a corporation or of a controlling interest of it, whichever is less, will be deemed a transfer of the license. If the licensee is a corporation that is wholly owned by another corporation, the same provisions about the transfer of a stock or a controlling interest will apply to that parent corporation, any second parent corporation that wholly owns the parent corporation, and all other similarly situated parent corporations up through the chain of ownership. Transfer of this amount of stock without prior Council approval is a ground for revocation or suspension of the license. In addition, each day the licensee operates under the license after a transfer has taken place without obtaining Council approval will be a separate violation of this chapter.

(E) In the case of the death of a licensee, the personal representative of a licensee may continue operation of the business for not more than 90 days after the licensee's death.

' 119.11 CONDITIONS OF LICENSE.

(A) A license is subject to the conditions in this section, all other provisions of this chapter, and of other applicable regulations, ordinances or state laws.

(B) A licensee is responsible for the conduct of his or her place of business and the conditions of order in it. The act of an employee of the licensed premises is deemed the act of the licensee as well, and the licensee is liable for all penalties provided by this chapter equally with the employee, except criminal penalties.

(C) The license must be posted in a conspicuous place in the premises for which it is used. Penalty, see ' 119.99

' 119.12 RESTRICTIONS AND REGULATIONS.

A sexually oriented business is subject to the following restrictions and regulations:

(A) No owner, manager or employee may allow sexually oriented materials or entertainment to be visible or perceivable in any manner, including aurally, at any time from outside of the business.

(F) No business may exceed 10,000 square feet in gross floor area.

(G) No owner, manager or employee may allow a patron, employee, or other person on the premises to physically contact, in public view, a specified anatomical area of himself or herself or of another person, except that a live performer may touch himself or herself.

(H) A live performer must remain at all times a minimum distance of ten feet from members of the audience, and must perform on a platform intended for that purpose, that must be raised at least two feet from the level of the floor on which the audience is located. (J) A licensee must not be open for business to the public:

Penalty, see ' 119.99

If an action has been commenced under M.S. Ch. 278, as it may be amended from time to time, questioning the amount or validity of taxes, the Council may on application by the licensee waive strict compliance with this provision; no waiver may be granted, however, for taxes, or a portion of them, that remain unpaid for a period exceeding one year after becoming due, unless the one-year period is extended through no fault of the licensee.

(B) *Violations.*

(1) The Council may either suspend for up to 60 days or revoke a license for a violation upon a finding that the licensee or an agent or employee of the licensee has failed to comply with an applicable statute, regulation or ordinance relating to the subject matter of this chapter or violated the statutes in division (B)(2) of this section. No suspension or revocation will take effect until the licensee has been afforded an opportunity for a hearing pursuant to M.S. ' ' 14.57 to 14.69, as they may be amended from time to time, with the exception of the suspension provided for in division (B)(2) of this section.

(2) Conviction of a sex crime, as identified in M.S. ' ' 609.293 to 609.352, 609.746 to 609.749, 609.79 or 518B.01, as they may be amended from time to time, or related statute dealing with sexual assault, sexual conduct, harassment, obscenity or domestic abuse by the licensee will result in the immediate suspension pending a hearing on revocation of a license issued under this chapter.

(C) *Prompt judicial review.* Prompt and final judicial review shall be provided to any applicant or licensee when a license is denied, suspended or revoked.

§ 119.99 PENALTY.

Except as otherwise provided by state law, a person violating a provision of this chapter is subject to the penalties established in ' 10.99. A fine or sentence imposed does not affect the right of the city to suspend or revoke the license of the licensee as the Council deems appropriate.

In no event shall the owner be granted more than a total of six months' time to remove graffiti, but any extensions shall be based solely upon a reasonable likelihood of apprehension and conviction of the person responsible. The owner must also sign a release holding the city harmless from any claims or suits brought for damages pursuant to any adverse or injurious effects of such chemicals or from the actions taken by the city or its employees to remove the graffiti prior to the city commencing work on the property. If the property owner does not remove the graffiti within the time specified or extended time requested and granted by the city or if the city is unable to perform the work at the request of the owner, the owner shall be subject to the penalties listed in division (E) of this section.
